

PROGRAM MANAGEMENT

HGA's innovative solutions and flexible program management services are a perfect fit for any size program.

Highlights

- Cost-effective services to a wide range of public and private clients, including state and local governments and multiple industries.
- Key large-scale public projects include comprehensive infrastructure and housing programs involving multiple funding streams.
- Strong resource alliances and efficient work processes that provide the rapid response, flexibility, efficiency, and accuracy demanded by our customers.
- Comprehensive Decision Support System that includes program and project management services, tracking/reporting/monitoring tools, and technical expertise.

- Greater Management Visibility
- Improved Decision Making
- Increased Accountability

WEB-BASED TRACKING & REPORTING

HGA's system is the only one proven to manage, track, and report effectively while providing the most value to program implementation.

- Scalable system ready for immediate implementation in small or large Programs with the capability to monitor, track, and report on multiple projects.
- Accessible 24/7 to provide visibility and transparency for audits of government and private projects.
- Non-proprietary system that can be hosted on HGA or client server.
- Interactive program reporting dashboards and online document storage.
- Tools for earned value analysis, forecasting/trends, detailed scheduling, and risk/change management and control.

Specialized Services

- Planning & Implementation
- Budget & Schedule Development
- Risk Assessment
- Tracking, Monitoring & Reporting
- Grant Management
- Document Controls
- Training & Exercises
- Labor Compliance

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

HGA is working with Louisiana Office of Community Development Disaster Recovery Unit (OCD/DRU) to:

- Administer and manage 357 concurrent projects in 23 parishes (“counties”) affected by Hurricanes Katrina and Rita totaling \$1.4 billion in CDBG-DR and \$280 million in FEMA-funded projects.
- Administer and manage 73 projects in eight parishes affected by Hurricanes Gustav and Ike totaling \$123 million.
- Develop the State’s CDBG Program Implementation Plan, which includes detailed templates, instructions, and guidance to ensure compliance with HUD regulations.
- Assist New Orleans in establishing reporting metrics, earned value analysis, and project status on 681 projects—\$1.5 billion.
- Providing Davis Bacon review services on over \$2 billion of Disaster Recovery related building, infrastructure, and multi-family housing projects, including 218,000 payrolls for 2,303 total contractors/subcontractors.

HGA is serving as the New York State Governor’s Office of Storm Recovery (GOSR) CDBG-DR Infrastructure Manager, managing \$1.7 billion allocated to four programs with an estimated 400 projects.

- **New York Rising Program:** A \$621 million program providing rebuilding and resiliency assistance to over 120 communities.
- **Infrastructure and Local Government Program:** A \$562 million program supporting multiple, large-scale projects including critical infrastructure projects in the energy, transportation, water and wastewater, healthcare, and coastal sectors.
- **Global Match Program:** A \$357 million dollar program with \$49 million being CDBG-DR funds.
- **Rebuild by Design Program:** A \$185 million program that is a multi-stage regional design competition to promote resilience for the affected region.

TRAINING & EXERCISES

HGA provides high-quality response exercises and training seminars to emergency management, fire, law, medical, and public works personnel to help them prepare for, respond to, and recover from all threats and hazards.

- HazMat Training
- ICS Training
- Hospital Training
- HSEEP-Compliant Exercises

HAZARD MITIGATION

- Managing over \$121 million in hazard mitigation projects for infrastructure and homes in five parishes (“counties”).
- Supporting local municipalities in their multi-jurisdictional hazard mitigation plan development and updates.
- Provided technical assistance to the Louisiana Department of Health and Hospitals (DHH) pertaining to the \$32 million HMGP to provide generators.

CONSTRUCTION MANAGEMENT

HGA is supporting the \$1 billion New York Rising Housing Recovery Program comprising 10,000 structures by providing construction management services such as:

- Final inspections on thousands of homes to ensure that repairs were completed according to the scope and building codes.
- Change order requests for homeowners requiring a design professional to complete an accurate scope of work.

About HGA:

HGA is a multi-disciplined project management and engineering services company providing professional, cost effective services throughout numerous industries. Our experienced team provides project management, design, consulting, and on-site staffing solutions to ensure client’s success.

HGA’s Mission is to build long-term customer relationships by listening to our clients, leveraging our experience and delivering on our commitments. HGA’s Program Management Business Unit is set up to run large disaster recovery programs, with systems in place for effective management, communication and execution.
